

PART-TIME –Industrial visit/ Picnic/Mr. and Ms. Fresher’s Contest -6th and 7th August 2016

An industrial visit cum picnic was organized by SFIMAR for the part time students on the 6th August, 2016. Students from the first, second and third year along with some of the faculty and staff members went together to Lonavala for this activity.

Following a winding uphill climb and after a quick stop for a hearty breakfast the students reached Positive Packaging, Khopoli at around 12 pm. They formed 2 batches and were taken to their conference room for a brief presentation. The Site Manager explained the company’s history, the kinds of printing undertaken by them, the types of machinery, the manufacturing process, various quality standards adopted by them and their client details. This was followed by a session on safety instructions relating to the shop floor. After wearing lab coats and disposable head caps, the students were ready to visit the shop floor. The Site Manager not only showed them the various processes, but also answered the queries raised by the students.

After the industry visit everyone checked into United 21 resort in Lonavala . In the evening, a DJ night and Mr. and Ms. Fresher’s contest was organized for the first year student. Before the contest, the Registrar felicitated the toppers of the Academic year 2015-16, with a certificate and a gift. Everyone then danced to the tunes belted out by the DJ and later enjoyed a sumptuous dinner.

The following day, after breakfast they proceeded towards Della Adventure Park where a wide plethora of adventure activities awaited them. Activities such as Land Zorbing, Flying Fox, Rappelling, Rifle Shooting and Rocket Ejector were clear favorites among the students. Students then left for Mumbai with fun filled memories that they would surely cherish for a long time.
