I received the quality education and the exposure through practical experience called internship. In addition, we had various renowned guest speakers from industry who groomed us to face the corporate world more confidently. Apart from industry training, we were always encouraged to participate in intercollegiate fest and various other in-house activities that helped us groom even more. SFIMAR has not only helped me understand business dynamics but has also imparted the skills to execute in a rapidly changing business environment.

Looking back 5 years from the time when I completed my MMS Finance in a difficult economic environment, and looking at where I stand now, a lot of credit goes to the thought processes and management concepts learned at SFIMAR. I am proud to say that our batch did very well and most of my batchmates are at an elevated path of their career.

I would like to thank my professors, placement team and specially my colleagues who kept on challenging each other to get the best out of everyone. Learning at SFIMAR gave a different dimension to the management studies which has always helped me in building my career. I thank the Institute for preparing me to meet the corporate challenges efficiently.

Today as I stand successful and stable in life, I look back and reflect where it all started. SFIMAR is the name which comes to my mind instantaneously played the most important role in shaping my pathway from a college student to the money man as they call me today (for managing others' valuable funds). The management education imparted by the professors in SFIMAR has helped me building up my confidence to deal with the corporate challenges. I will always be grateful towards everyone at SFIMAR, who has helped me to take my career ahead.

It was a great learning in SFIMAR, where the foundation of my career was laid. I had a great time with well-read professors who molded me to think from a holistic point of view on any issues related to marketing and management. The teaching, projects, case studies, internships and curriculum helped me personally to grow and create high standards at my workplace.

All the best for the 'Next-Gen' from SFIMAR... proud to be a SFIMARIAN!

I have had the privilege to be in the only student in MMS from Operation field at SFIMAR and was fortunate to get International placement. From the very beginning, the institute and especially the amazing teachers have been successful in inculcating in us the sense of responsibility, curiosity and the fire to go beyond our capacity.

The seeds of where I am today have been planted there and I am grateful for that. With state-of-the-art facilities and the best teachers, the future of the students is in safe hands and they are on the right path to becoming successful leaders in which ever field they go!

“Being a part of new beginnings is always special and so was my journey in FedEx Express as it kicked off along with SFIMAR

Looking back, I can certainly say that SFIMAR was one of the most important milestones in shaping my career. MMS Marketing at SFIMAR provides an innovative course design, some of the best in class faculty from industry. Along with academics, SFIMAR also focuses on personality development which helped me build a rewarding career. It has been an unforgettable journey since I joined SFIMAR & I owe my success to my Alma Mater.”

Rodon Andrades

The 2 years spent at SFIMAR for my post-graduation has molded me into a leader who is ethical, Business oriented and empathetical at the same time. Apart from the curriculum, the summer/winter internship, the experienced visiting faculty and guest speakers gave me a glimpse of what to expect in the real world and made me a resilient person. SFIMAR surely played an integral part in the success of my professional life.

It gives me great pleasure in sharing my experience at St. Francis Institute of Management and Research. SFIMAR has successfully accomplished its promises and objectives in providing quality education and overall development of all its students.

Finding the right path to success at the right time is really very important and for that reason I selected SFIMAR. The friendly environment, the systematic approach towards imparting education at SFIMAR made me a competent individual. The wide range of activities- both curricular and co-curricular and the support from SFIMAR has really helped me in building my career. Each faculty helped me I approached to, and shaped me to become a responsible and successful person.

I was introduced to interesting management theories and concepts during my two-year PGDM programme at SFIMAR. Apart from imparting knowledge, the programme emphasized on practice-based and experiential learning. When there were online classes arranged during the pandemic, the institute leveraged different engagement tools to ensure that the students have an engaging online learning experience. As a result, I can apply my learnings in the corporate today. The programme has equipped me with the required knowledge, skills and attitude which are integral for the development of an individual.

PGDM, Batch 2019-21

For me the journey of SFIMAR is like a roller coaster ride. While I was enjoying my first year of the course, participating in various events and at the same time getting good scores in the academics, the ride becomes dangerous and we have to attain the lectures from home, which was very boring but SFIMAR manages to give us countless opportunities to develop the various skills and all the time my mentor was helping me to grow better and try to sharpen my skills. Being a SFIMAR alumni is a pride of my life.

Isha Anil Keniya
PGDM, Batch 2019-21

I have spent three years at SFIMAR campus and the experience has been great. The classrooms, computer labs, assembly hall and library are well equipped, and the staff is very cooperative. Being from an Engineering background, it was tough initially to understand subjects related to Finance but Professors were patient enough to teach us the basic level and also attended to queries not just during lectures but beyond college hours.

I was a student of Marketing and the intent of undertaking this course is to diversify my career from Engineering to Engineering-Marketing. An additional Management Degree always acts like a cushion for climbing up the corporate ladder. This Institute is the right place for working professionals to enhance their skills and career and I highly recommend this Institute.

Mr. Ashutosh Naik
MMM, 2018-2021

Studying at SFIMAR has been a wonderful experience altogether.

From studies to extra-curricular activities, everything here is well balanced.

There has been a lot of motivation and encouragement given to me which has helped me in getting better and confident day by day.

Resuming studies after a long break seemed to be a bit difficult until I joined SFIMAR. There were a lot of opportunities provided by the Institute to learn and showcase talent. Our programme head and all the faculty and admin staff are very helpful and readily available at all times.

Glad to be a part of SFIMAR.

I believe that in our growing years, the clarity of fundamentals is important and hence its application will help us grow and move up the corporate ladder. Once you are up there, then the person's character helps you distinguish from the rest. True to its name, it's a beautiful temple of learning where you equip yourself with knowledge arsenal, case study method of learning, Library facilities, live industry projects, intelligent co-students, state of the art infrastructure et al. At the same time, you imbibe human values which helps build a strong character.

SFIMAR is a temple of knowledge. Along with knowledge, I have also developed leadership and communication skills. I like the friendly atmosphere and the fact that teachers are cooperative with the students. All teachers are well experienced and have expertise in their respective fields. They focus on each of the student and help them as and when they need. Even the admin staff are very helpful. I can proudly say I am a student of SFIMAR.

There are no shortcuts it is always Crawl, Walk, Jump, Sprint! My time at SFIMAR was instrumental in helping me complete my MBA while I had a busy schedule working too!!

One of the best times that I've had – from every single perspective – academics, teachers, wonderful ambiance to learn, friends – the entire experience. Great faculty, excellent in their respective fields, never turned us down at times of our need. They extended their helping hands for us beyond academics. We were more like a family.

Apart from the academics, Participating and organizing events, volunteering, working on different projects beyond the given syllabus, being the member of the fest committee, having a broad spectrum of friends and acquaintances are some of the highlights. The faculty has always been supportive and encouraging.

Time flew by, but the memories and lessons learnt at SFIMAR will be treasured for a lifetime, the reason I am still associated with the college as an active Alumni Association Member committee.
